Projects

Personal Portfolio Website, allanthebenevolent.github.io

Jan '16 – Present

- Developed my own website to highlight my skills, talents, and involvement using HTML & CSS.
- Utilized various web tools to create a fluid and smooth design like Bootstrap and animations.
- Self taught many of the knowledge needed to construct the website.
- Created a typography function to create the unique typing feature on the landing page with Javascript.

Project Manager for *SUHDude, Visual Design App* , suhdude.herokuapp.com

March '16 – June '16

- Created a data driven web application to aid entrepreneurs in finding the best idea or location for their business
- Managed a small project team of 4 in developing the design, idea, and concept of the application
- Deployed a functional prototype within 5 weeks.
- Utilized given database restrictions to create a prototype idea that may expand to greater lengths.

Project Manager for *Tastebuddies, Cooking Guide App*, tastebuddies.herokuapp.com

Jan '16- March '16

- Created a web application to solve the problem of college student not being able to cook for themselves.
- Managed a small project team of 3 in developing the idea and functionality of the application.
- Deployed a prototype design with concept functionality within 10weeks.
- Researched and developed the ideal gaming concept that the client wanted with the design.

Work Experience

Product Manager/Web Developer/Designer Intern, step2rest.com Baeria Enterprises San Diego CA

Jan '16 – June '16

- UI/UX lead for the Step2Rest e-commerce website and company website.
- Revamped previous website to a more modern and user friendly website utilizing bootstrap and javascript.
- Consulted various design layouts and business plans directly with executives.
- Managed a small team of interns to produce a deliverable product within deadlines.

Leadership Experience

Vice President for *MASA(Multi-Asian Student Association)*, masa.ucsd.edu UC San Diego, La Jolla CA

March '14-May '16

- Lead a production committee for an annual student run hip hop dance competition event with over 1,000 attendees.
- Developed and established an annual scholarship program for MASA members.
- Maintain upkeep on and wellbeing of fellow staff members to run one of the largest Asian organizations on campus.
- Expanded our organization into the social media platform by creating our first official website through school servers.

Founder of *Just A Moment(The Jam Project)* UC San Diego, La Jolla CA

April '13-July 15

- Introduced a new student organization dedicated to making a better community in a revolutionary way by doing random acts of kindness that creates more intimate and personal relationship bonds between individuals.
- Facilitated a seven day project campaign which challenged participants to engage with others and make a difference through simple gestures. This resulted in the increase of membership by over 300%.
- Acquired a partnership with an upcoming consultant company (Friends & Fables) to further expand our influence in the community.
